If you have a room that you might just as well sublet, why not realize the extra income it will bring you?

## ACT TO FIX SALARY OF MAYOR BY THE AUGUSTA COUNCIL

S. Curtis C. Ward of Augusta has introduced in the House of Representatives of the 77th Legislature an act to amend the Augusta city charter. Amendment is for the purpose of placing in the hands of the city council the right to fix the salary of the mayor of the city. At present the mayor's salary is fixed by the term of the charter at \$500. The act in full is as follows:

"An act to amend the charter of the city of Augusta with respect to the salary of the mayor.

"Section 3 of the revised charter of the city of Augusta, contained in Chapter 273 of the Private and Special Laws of 1905, is hereby amended by striking out the words 'five hundred dollars per year, which', and by inserting in place thereof the words 'fixed by the city council, but', so that said section as amended shall read as follows.

"Section 2. The mayor of said city shall be the chief executive magistrate thereof. It shall be his duty to be vigilant and active in causing the laws and regulations of the city to be executed and enforced, to exercise a general supervision over the conduct of all subordinate officers, and to cause their violations or neglect of duty to be punished. He may call special meetings of the board of aldermen and common council, or either of them, when in his opinion the interests of the city require it, by a notice in one or more of the papers printed in the city, or by causing a summons or notification to be given in hand or left at the usual dwelling place of each member of the board or boards to be convened. He shall from time to time communicate to both of them such information, and recommend such measures as the business and interests of the city may in his opinion require. He shall preside in the board of aldermen and in the joint meetings of the two boards, but shall have only a casting vote. The salary and compensation of the mayor shall be fixed by the city council, but shall not be increased or diminished during his continuance in office, unless by vote of the qualified electors in ward meetings called for that purpose. Nor shall he receive for any services by him rendered in any other capacity or agency; provided, however, the city council may elect a mayor to any city office, and allow him a reasonable compensation for services rendered in such office; but the aldermen and common council shall not be entitled to receive any salary or compensation for any services by them performed as such."
